RELAX INTO COMPLETE WEIGHTLESSNESS

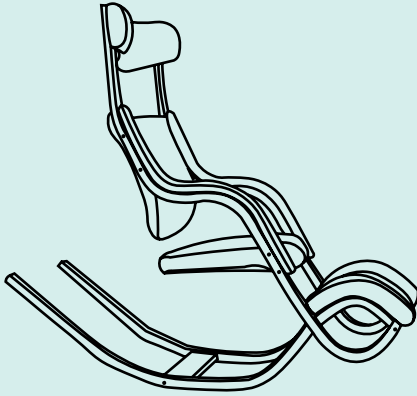

By Peter Opsvik
1984

Experience ultimate relaxation and weightlessness with the Gravity. The design classic supports your back and neck while continuously promoting flow and movement in countless positions. Fully reclined, the Gravity elevates your legs above your

heart, and rocks gently to the rhythm of your breathing. Leaning forward, it can be used as a kneeling chair. This unique combination makes it the ideal chair for the contemporary home and work environment.
